2013 AMA Dirt Track Grand Championships Supplemental Regulations

1. AMA Pro Racing license holders must wait one full year after their pro license expires to be eligible for Amateur National competition.
2. If one or more main events cannot be run, results will be awarded based on heat and/or semi results
3. Limit of four classes per Amateur rider per meet. Limit of three classes per Youth rider per meet.
4. Knobby tires will not be permitted.
5. AMA Dirt Track Grand Championships:
   a. The points scale shown below will be used
   b. Riders who are disqualified from a main event will not receive points.
   c. Ties in the final standings will be broken for 1st, 2nd and 3rd places only. The first tiebreaker is the better finish in the final main event in the class; the second tiebreaker is the better finish in the next to last main event in the class, etc. If the main events are run in an order different than originally scheduled, e.g. because of a rain delay, the actual order in which the races took place will apply.
6. The machine that the rider brings to the starting line for his/her first heat is considered the qualified machine for that day's event.
7. The 2013 AMA Rulebook states that sound testing is both mandatory and a promoter responsibility, it also states that the promoter may impose penalties for non-compliance. It is understood that compliance with this rule is not a simple process for the dirt track community. In many cases, stock frames are not used and exhaust systems require fabrication. The AMA will be strongly encouraging promoters to use the same format.
8. AMA one event passes will not be available for this event.

Amateur Classes

#1- 50cc DTX Sr. (7-8)
