Protecting the Future of Motorcycling

Who we are…

"We are the largest, non-profit, member based organization protecting the rights of all motorcyclists...both on and off road. There are great benefits that come along with being a member, but #1 is doing *your part* to protect the future of motorcycling. There are so many issues that threaten our way of life, we must band together!"

Why you need to join…

"Never before has it been more important for you as a motorcycle rider to become involved in supporting your passion and your sport. The AMA needs your voice in the fight against land closures and anti-motorcycle legislation. Regardless of where you live, what you ride, or the type of riding you do, the motorcyclists way of life is under attack from all sides. The AMA is THE advocacy group fighting for your rights as a rider. We need your support in the form of membership to continue this effort and to ensure the future of the motorcycling!"
