

Promoting The Motorcycle Lifestyle And Protecting The Future Of Motorcycling

Founded in 1924, the AMA is the world's largest motorcycling organization, advocating for motorcyclists' interests at all levels of government, setting standards for motorcycling and ATV competition, and promoting recreational riding activities.

The AMA is divided into four areas of activity to better serve members and event organizers:

- motocross
- off-road racing
- track racing
- recreational riding (includes on- and off-road)

Sanctioning and chartering are necessary steps toward safeguarding everyone involved in an AMA event — you, your club members, your employees and volunteers, the landowners your work with, the participants and the AMA. They offer a framework for organization, procedures, rules and even provide a conduit to quality event insurance.

What Is A Charter?

A charter is a formal agreement between the AMA and your organization to uphold the AMA's mission and standards for event operation. AMA members enjoy quality events and social gatherings hosted by AMA-chartered clubs and promoters.

What Is A Sanction?

Once a charter is approved, you can apply for a sanction. When sanctioning an event with the AMA, the organizer agrees to follow the protocols put in place by the AMA, conduct the event to a high standard and assume legal liability.

The sanction application fee will vary based on the event type and number of days it runs.

All sanction applications must be submitted at least 14 days prior to the event and must include insurance that meets the AMA's requirements.

After the event, organizers must complete the post-event paperwork within 14 days.
