MEET

Meet AMA Government Affairs Manager for On-Highway Issues Mike Sayre

Mike has been an avid rider for over ten years and has developed a passion for all things motorcycle over that time. He brings a social science background to the AMA's government relations team and works hard to stay up to date on any and all motorcycle related research.

Mike is particularly interested in the future of motorcycling as it related to automated vehicles. In 2017, Mike was named the chair of the U.S. Federal Highway Administration's Motorcyclist Advisory Council which advises the agency on infrastructure issues of concern to motorcyclists.

Mike holds a master's of public policy from Michigan State University and a Bachelor's in political science and history from the University of Michigan.
